

ประเด็นการวิจัยทางด้านการศึกษา ในบริบทของพยาบาลศาสตร์

Nusara Prasertsri ,PhD, RN
Adult and Elderly Nursing Department
Boromarajonani, College of Nursing Sunpasithiprasong

Outline

- National Research in Nursing Education
 - Way forward in the future
- International Research in Nursing Education

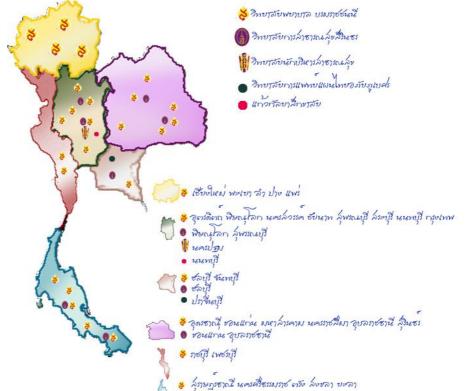

สถาบันพระบรมราชชนก

สมเด็จพระศรีนครินทราบรมราชชนนี

แผนที่แสดงจังหวัดที่ตั้งสถานศึกษาในสังกัด สถาบันพระบรมราชชนก กระทรวงสาธารณสุข

อัตลักษณ์บัณฑิต บริการสุขภาพด้วยหัวใจความเป็นมนุษย์

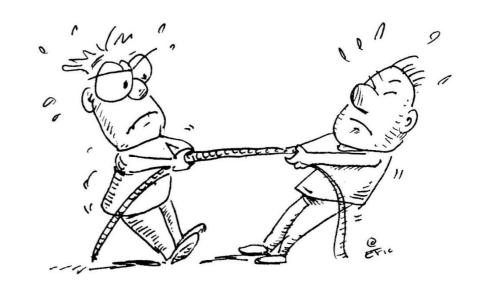

สถาบันพระบรมราชชนก

นายแพทย์สุริยะ วงศ์คงคาเทพ

Boromarajonani, College of Nursing Sunpasithiprasong
BCNSP

- Authentic Learning
- Contemplative Education
- Humanized health care

ประเด็นการวิจัยในอดีต

คุณลักษณะนักศึกษา

คุณลักษณะอาจารย์พยาบาล

คุณลักษณะหลักสูตร

คุณลักษณะผู้บริหาร

ระบวนการจัดการเรียนการสอน

ระบวนการบริหารองค์กร

>ทรัพยากรสนับสนุน

ความร่วมมือระหว่างฝ่ายการศึกษาและฝ่ายบริการ

องค์กรวิชาชีพ

ประเด็นการวิจัยในปัจจุบัน

Curriculum reform: setting the scene

- -Changing health care needs
- -The health workforce
- -Nurse curricula regulation
- -Educational context

Curriculum outcomes

- Needs focus
- Patient centred care
- Inquiry based learning
- Integration of content

Redesign the Bachelor of Nursing curriculum

Bachelor of Nursing Graduate

ASSESSMENTBASED ON:

Learning Objectives, Innovative methods, Graduate Qualities, Domains of Nursing Practice

TEACHING AND LEARNING PRINCIPLES: Student centered learning, Application to practice, Experiential learning

LEARNING OBJECTIVES FOR COMPETENT UNSUPERVISED NURSING PRACTICE

Population health needs and priorities

Chronic care

Aged care

Mental health

Rural and remote health

Indigenous health

Integrating themes

Population health

Primary health care

Social determinants of health

Quality

improvement

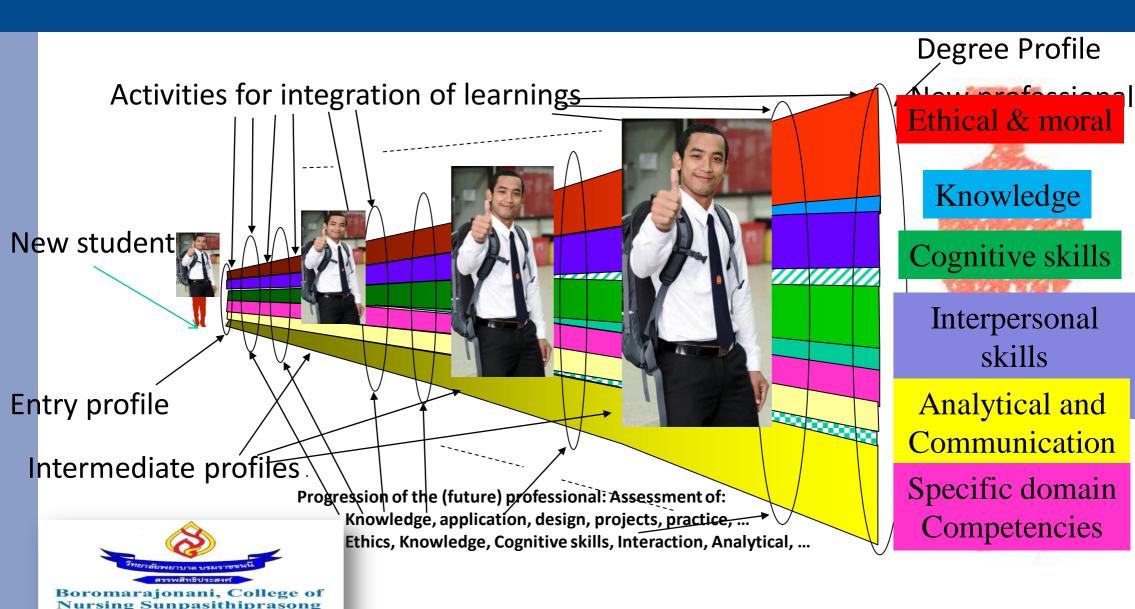

Domains of Nursing Practice

- PROFESSIONAL KNOWLEDGE and the context of nursing practice
- APPLIED NURSING SKILLS clinical organizational and team skills
- 3. PROFESSIONAL COMMUNICATION in nursing
- 4. LEGAL, ETHICAL and QUALITY role

Concepts /
competencies from
Industry
Profession
University

CORE PRINCIPLES: One program, Client centered / needs focused care, Flexible delivery, Interdisciplinary learning, Inquiry based Learning.

TQF

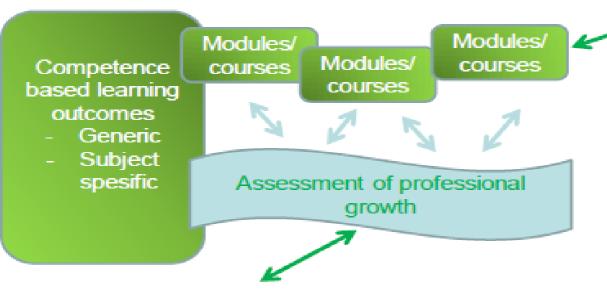

BCNSP

HOW ARE THESE ELEMENTS OF COMPETENCE ATTAINED?

EQF – European Quality Framework	Barnett & Coate	Tynjälä (professional expertise)
Knowledge	Knowing	Conceptual/theoretical knowledge
Skills	Doing	Practical/experiential knowledge
Competence	Being	Self-regulative knowledge
		Social-cultural knowledge

Assessment in Competence-based Curriculum

Assessment in Competence-based Curriculum

Students tracking system Individual career learning Personal study plan Development evaluation discussions 2 times/year Eportfolio Assessment based on learning outcomes

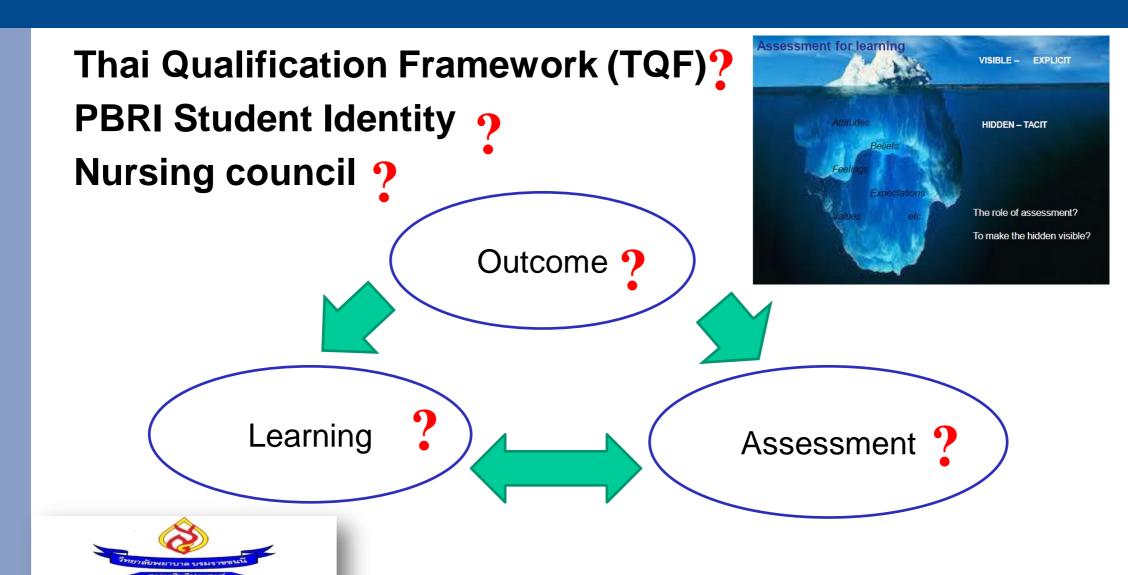

Evaluation criteria describe the level of competence in each learning outcome

The idea of constructive alignment (Biggs, 2003)

- Learning outcomes
- Pedagogical practices
- Learning environment
- Assessment

Outcome Based Education

Boromarajonani, College of Nursing Sunpasithiprasong BCNSP

Gap Analysis

- Competencies of each year
- Alignment
 - Learning Outcome / Learning Objective
 - Learning methods
 - Assessment Methods and Tests
- ☐ Formative assessment needs to improve (Transformative)
- Summative assessment emphasize testing the knowledge
- Collaboration of Assessment
- Digital test and Assessment

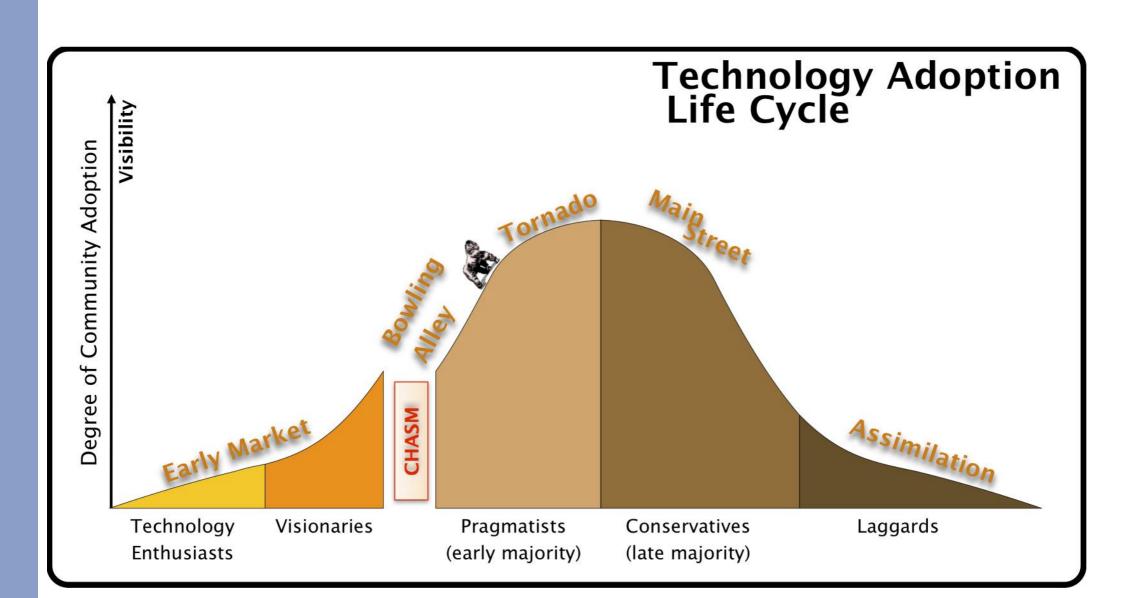

The Path of Way Forward

Micro	Meso	Macro	Mundo
Individual	Group	Institute	Global systems
Topic Course	Nursing department College	NEC Net and International	PBRI and AEC

Educators

International Research in Nursing Education

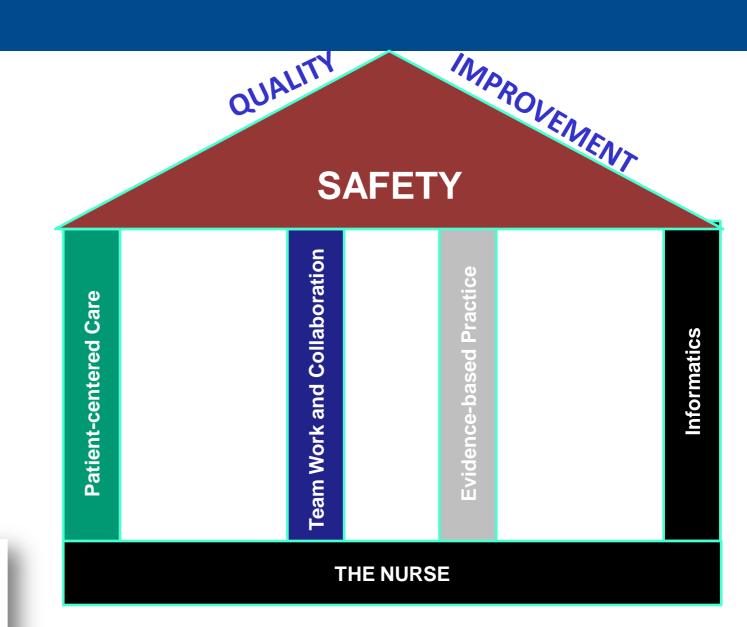

Knowledge Gaps

- Gaps between the classroom and clinical settings
- Gaps in student knowledge and gaps in communication
 - Create active teaching strategies
 - Simulation experiences
 - Classroom techniques

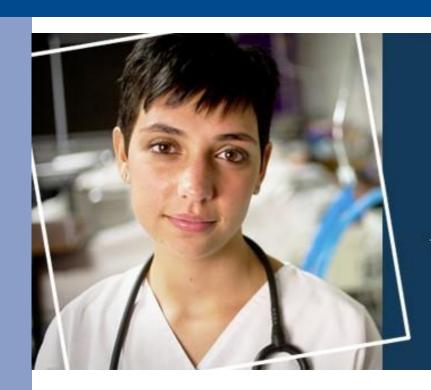

Essential Competencies

- 1. Patient-centered care
- 2. Teamwork and collaboration
- 3. Evidence-based practice
- 4. Safety
- 5. Informatics
- 6. Quality improvement

The Quality and Safety Education for Nurses (QSEN)

QSEN Institute

Comprehensive, competency based resources to empower nurses with knowledge, skills, & attitudes to improve quality & safety across healthcare system

Find out more about QSEN >

Thank you
