SDG 3: Ensure healthy lives and promote wellbeing for all at all ages

3.1 Reduce the global maternal mortality
3.2 End preventable deaths of newborns and children under 5 years of age
3.3 End the epidemics of AIDS, tuberculosis, malaria and neglected tropical diseases and combat hepatitis, water-borne diseases and other communicable diseases.
3.4 Reduce by one third premature mortality from non-communicable diseases through prevention and treatment and promote mental health and well-being.
SDG 3: **Ensure healthy lives and promote wellbeing for all at all ages**

3.5 Strengthen the prevention and treatment of substance abuse, including narcotic drug abuse and harmful use of alcohol.

3.6 By 2020, halve the number of global deaths and injuries from road traffic accidents.

3.7 By 2030, ensure universal access to sexual and reproductive health-care services, including for family planning, information and education, and the integration of reproductive health into national strategies and programmes.

3.8 Achieve universal health coverage, including financial risk protection, access to quality essential health-care services and access to safe, effective, quality and affordable essential medicines and vaccines for all.

3.9 By 2030, substantially reduce the number of deaths and illnesses from hazardous chemicals and air, water and soil pollution and contamination.
